THESE GUIDELINES ARE SUGGESTIONS, AND STRONGLY RECOMMENDED TO BE FOLLOWED BY EACH EXHIBITOR

- Read the prospectus carefully, paying particular attention to potential problem areas, such as drayage requirements and rates, liability and prepayment clauses, installation and dismantling dates and times (standard time or double time rates), penalty enforcement or violation clauses, etc.
- Complete and mail service contractor order forms at least 4 weeks in advance of the meeting. Any telephone orders should be confirmed in writing. Any service or rental cancellations should also be confirmed in writing.
- Provide your booth personnel with a copy of the rules and regulations applying to exhibitors as provided by the sponsoring association and emphasize the importance of adhering to them. Alert your personnel to the fact that if these rules and regulations are violated, your company may be denied the opportunity to exhibit at future conferences and could be responsible for damages.
- If you do not use professional installation/dismantling supervisors familiar with your exhibit, be certain that your company's representative, who is the assigned supervisor understands the conference hall regulations.
- Advise booth personnel not to criticize or engage in arguments with labour personnel. Your booth personnel should discuss the problem with the CANM conference manager in the office set aside for conference management.
- Report to the conference organizer any requests from personnel, in areas such as drayage and set-up, for payments (tips) for services performed. If the prospectus indicates you may do your own set-up and dismantling but you are stopped by union personnel, do not argue; contact the conference manager.
- Unpack literature and other materials well in advance of opening of the exhibit hall so the aisles can be cleared of debris before meeting registrants enter.
- Advise your booth personnel to arrive early, obtain their badges and be in the exhibit booth before the exhibits open.
- Be certain a company representative or agent supervises the packing of product, equipment and dismantling of the exhibit at the conclusion of the meeting. Supervision of valuables should continue until the material is transported from the exhibit hall docks.
- The Hôtel le Concorde is licensed to serve food and beverages. No food or beverages may be brought into the hotel for service during this event.
