### **WFNMB Congress 2018 - Melbourne - April 20-24**

The CANM was present at the Congress and made excellent connections with other Nuclear Medicine Associations, especially with its leadership in the Harmonization of GMP project at the international level.

Seventeen Canadians attended the Congress.

### **SNMMI 2018 - Philadelphia - June 23-26**

The CANM will have a booth at the SNMMI and will conduct meetings with the SNMMI and EANM leaderships. The CANM also organizes a CME session on Health Economics, Health Technology and of Nuclear Medicine Value, on Tuesday, June 26 from 3 to 4 pm.

Please let us know by email if you will attend the conference and join us for a Canadian event.

### **The CANM has produced a series of patient focused educational videos regarding common Nuclear Medicine procedures:**

- Introduction to Nuclear Medicine / Introduction à la médecine nucléaire
- FDG PET Study / Étude TEP au FDG
- Cardiac Study / Étude cardiaque
- Pulmonary Study / Étude pulmonaire
- Bone Study / Étude osseuse

### **CANM-CARS Bilateral Meeting with Health Canada**

A meeting took place on May 1st at Health Canada to advance discussions on many topics related to radiopharmaceuticals.

### **FALL REGULATORY WORKSHOP, November 20-21, 2018 in Ottawa.**

Please let us know if you want to participate or if you want more information.

The CANM has joined the new Canadian Nuclear Isotope Council (CNIC) to advocate for Canada's role in the production of the world's supply of radioisotopes.
